BRITAIN TO AID NEUTRAL TRADERS

Note Sent Washington Explaining Efforts Being Made to Mitigate Hardships of Allied Blockade.

London, June 22.—The foreign office delivered today to Ambassador Gifford a memorandum explanatory of efforts being made by the British government to mitigate the hardships suffered by neutral traders on account of the order in council and other war measures affecting their interests.

shutting off Germany from the rest of the world. The foreign office said fourth methods whereby neutrals may trade without coming into conflict with these regulations.

The text of the note will not be published here until it is given out in Washington.

American Note for Britain.

Washington, June 22.—The memorandum of the British foreign office summarizing measures adopted to alleviate difficulties to neutral traders under the order in council will not, it is understood, affect the sending of the note to Great Britain now in preparation. This communication is to reiterate the American protest against the illegality of the principles in the order in council.

While the measures which are understood to be outlined in the British memorandum are aimed to correct troubles experienced by Americans in their trade with neutral countries, the United States insisted in the note of the subject—that England had no right under international law to stop non-contraband goods of American origin passing to and from neutral traders on account of the blockade being held as effective only against contraband.

BRITAIN WATCHES EXPORTS TO HOLLAND.

London, June 22.—An order in council is about to be issued prohibiting exportation of all goods to Holland except those of American origin.

cept those consigned to The Netherlands Overseas trust. It is expected to stop the trade now believed to be passing through Holland into Germany.

Exportation of goods to The Netherlands Overseas trust would be equivalent to a guarantee that no goods, either in the form received or in a subsequent form would reach a country hostile to Great Britain.

Provision is made in the bill for a fine of \$1,500 or imprisonment for two years for violation of its terms. Contraband and ships will be equally responsible.

Effect on American Exporters.

Washington, June 22.—Enforcement of the British order in council against commerce with Germany and Austria for some time has made it necessary for American exporters to consign their shipments to Holland to the Overseas trust.

Goods not so consigned have been subject to seizure and indefinite detention pending the production of proof by the owners that they were destined ultimately for Germany or Austria.

The latest order penalizing the exportation of goods to The Netherlands is understood to apply only to British shippers.

TURKISH CORPSES WERE VERY THICK

After an Attack on the British Trenches on Gallipoli Peninsula—Brilliant Charge by British.

London, June 22.—Between 7 and 8 o'clock in the evening of June 22, an official communication from the headquarters of the Mediterranean expeditionary force, the Turks expended some 400 high explosive shells on our left and center trenches and were seen massing for an attack.

At 7:30 o'clock one of our brigades attacked a Turkish trench, but were unsuccessful, and the Turks in counter-attacks effected a lodgment in our forward salient captured by us on the 19th.

The following dispatch was also received last night from the Mediterranean headquarters:

"After twenty-four hours of heavy and continuous fighting substantial success has been achieved. As already reported, the battle of June 4 and 5 resulted in a good advance of the center to which neither the right nor the left was able to conform, the result being that the Turkish positions on the frontage flanks are naturally strong and exceedingly well fortified.

At 7:30 o'clock yesterday (date not given) General Gouraud (commander of the French expeditionary force) began an attack upon the line of the formidable works which ran along Keveles Dere. By noon the second French division had stormed and captured all the Turkish first and second line trenches opposite the front, including the famous Harcourt Cot reduct with its subsidiary main of entanglements and communication trenches.

Their right the first French division, after fierce fighting, also took the Turkish trenches, opposite their front, but were counter-attacked so heavily that they were forced to fall back.

Again this division advanced and stormed the position and again were driven out.

The bombardment of the Turkish left was resumed, the British guns and howitzers lending their aid to the French artillery as in the previous attack. At 8 o'clock in the evening a fine attack was launched. Six hundred yards of the Turkish trench were taken and despite heavy counter-attacks during the night, especially at 2:30 a. m. all the captured positions are still in our hands.

The enemy lost very heavily. One Turkish battalion coming up to reinforce was spotted by an aeroplane and practically wiped out by the 7's before the men could scatter.

The contempt of danger showed by the young French drafts of the last contingent, averaging 20 years of age, was much admired by all.

During the fighting the French battleship 61 shells did excellent service against the Asiatic batteries.

ALLIES REPULSE TURKISH ATTACK.

Paris, June 22.—Although operations on the Gallipoli peninsula recently have assumed the aspect of siege warfare, here actual attacks were seen continuing, says a Havas dispatch from Athens dated Monday. Fighting was particularly intense last Wednesday.

The allied forces (French and British) took and took 700 prisoners, the dispatch says, are four miles from Sedid Bahr. As the island was a square near Avl Burni.

Great activity has been noted in the allied fleet for the past few days, leading to the belief that a general attack on the straits is imminent.

Empire tires

RED

WEAR LONGEST

Red because it's an Empire

An Empire because it's Red

Whenever you see a red tire you know it's an Empire. RED Rubber, as we cure it, makes the springiest, toughest tire known. To prove it, look at an Empire tread that has gone four or five thousand miles and compare with any other make that has given equal mileage.

Empire RED Rubber is a poor conductor of heat, which means less loss from friction. Empire RED Rubber does not deteriorate standing still, which means longer life. The Empire-Non-skid Tread is extra thick, meaning more mileage.

Every Empire RED is sold with this famous Empire proposition: "100% satisfaction with every tire." You must be satisfied that you get full service for every dollar you spend. If you shouldn't get it, we'll make it up. Have you ever known such a reasonable offer?

WEST POINT GINNEY DESTROYED BY FLAMES

West Point, Ga., June 22.—(Special.) The ginney of the Farmers' Products company was totally destroyed by fire today, with 200 bales of cotton, making a loss of about \$18,000, partially covered by insurance.

It is thought that the fire originated from a cigarette stump thrown into a pile of trash near the building, and the wind blowing very hard fanned the flames into the main building. The building burned to the ground in less than forty minutes. Adjoining the plant were stored 1,000 bales of cotton, but on account of the fire walls the flames did not reach this lot.

The plant was only installed last fall with the latest improved machinery, operated by electricity. The directors of the company will meet tomorrow to formulate plans for rebuilding at once.

BATTLE HILL MANAGER TO BE NAMED TUESDAY

Mayor Woodward Tuesday morning succeeded in having postponed until next Tuesday the election of a superintendent for the Battle Hill tuberculosis sanitarium. It was stated in the Constitution several weeks ago that Dr. J. H. Bradford, vice chairman of the board of health, was slated for the office, and two members of the Battle Hill board Tuesday stated they would support him for election.

Dr. G. L. Loden is temporarily in charge of the institution and has been acting superintendent since Dr. L. M. Hollander was dismissed, after admitting taking certain funds that belonged to the city, which he admitted taking for his own use.

Dr. Joe Jacobs Tuesday tendered a barbecue to about fifty of his friends in honor of Professor L. E. Sayre, of Kansas. The barbecue was held upon the grounds of the Burns club, the clubhouse of the Burns club of Atlanta, of which Dr. Jacobs is one of the charter members.

The barbecue was greatly enjoyed by the party, who were representative of business and professional men of the city. The pleasure of the occasion was enhanced by the beauty of the vernal surroundings of the Burns cottage and by the historical interest of this replica of the birthplace of Burns and the relics of the poet which are harbored there.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could not walk or could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, BOX 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Chicago, June 22.—Some little export buying brought about a quick rally in the wheat market here, after a decline to new low prices for this year's crop. The finish was unsettled at 1-1/2 to 1-3/4 up, compared with last night. Corn closed a shade to 1-1/4 up, 1-1/2 to 1-3/4 up, compared with last night. Provisions the outcome varied from 1-1/2 to 1-3/4 up, compared with last night.

Chicago, June 22.—(Special.)—Favorable crop reports finally resulted today in heavy general liquidation under which prices declined to a new low level for the week. In addition to the domestic selling pressure from Liverpool increased under which the market was unable to hold a scale down, however, the trade showed considerable of the offering, thus stabilizing the market. The selling of today's crop was not so heavy as yesterday's, but the market was generally liquid, and the market was much improved.
